

100%

Positive Patient Identification Throughout the Entire Patient Journey

**Ensuring a higher level of safety and security
of your future family with eIVF Biometrics!**

At Oasis Fertility Centre, our expert team of doctors and embryologists utilize advanced equipment and innovative technologies to provide our patients with the best medical treatments available.

By utilizing its digital tracking and lab e-witnessing technology, eIVF Biometrics removes the manual process of patient identification and provides patients 100% positive patient identification of their embryos, eggs and sperm throughout their fertility journey.
